Some of these courses are offered in summer. The senior year is typically very busy with coursework and job interviews. Therefore, it is advisable to enroll in one summer session before or after the junior year.

ACCT 301 is a required course. It is a pre-requisite for all 300 level ACCT courses. It is recommended you take ACCT 301 concurrently with ACCT 285.

CPA Note

The accounting major requires 22 credits of accounting beyond principles. Candidates for the CPA exam must complete at least two additional credit hours for a total of 24 hours of accounting beyond principles. Students may use the electives shown above or petition to take graduate courses to fulfill the additional two hours. ACCT 316 Business Law is also highly recommended; please note this class does not count towards the aforementioned 24 hours required to sit for the exam. While students may sit for the CPA exam after completing the required accounting course work and earning a bachelor’s degree, in order to be certified or licensed to practice in Iowa, students must complete a total of 150 credits. Qualified students should consider taking the masters of accounting to satisfy the 150-credit requirement. Juniors and seniors in accounting who are interested in graduate study should contact the Coordinator of the MAcc Program as early as possible to complete their graduate degree in an efficient manner. Students planning certification outside Iowa should check local rules, as each state determines its own licensing requirements.

Additional recommended classes include the following:

- ACCT 316 Business Law (Does not apply toward 24 required credits)
- ACCT 483 Advanced Managerial Accounting
- ACCT 484 Advanced Accounting Information Systems
